From the start of the 2011 school Year Pasadena High School has a “No Bags Policy”.

This has been done to:

- Increase the levels of personal safety and security of both staff and students.
- Improve the classroom work environment for both staff and students.
- Reduce the potential for property damage.

Students are not permitted to carry a bag during the school day.

Students are to place all bags in a locker at the start of the school day:

- Lockers are to be maintained by students.
- Students may have more than one locker (allocated in consultation with their Care Group Teacher).
- Students are advised to provide locks for their lockers.

Students need to prepare for subject lessons, and take all the materials they require. Students may visit lockers at recess and lunch times, but visits to lockers during lesson time are not permitted.

Students are invited to seek clarification via their Care Group Teacher or through the Principal.
